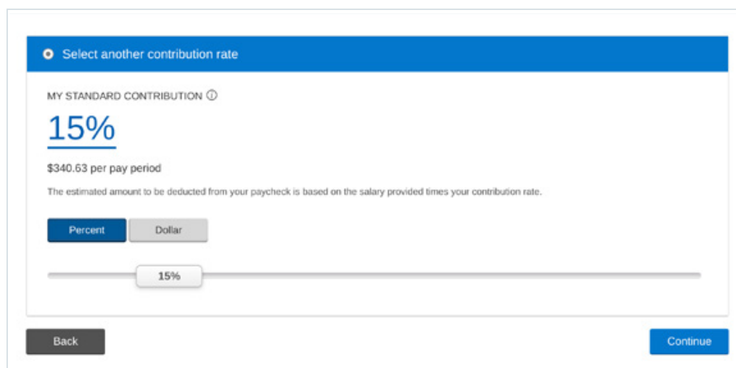
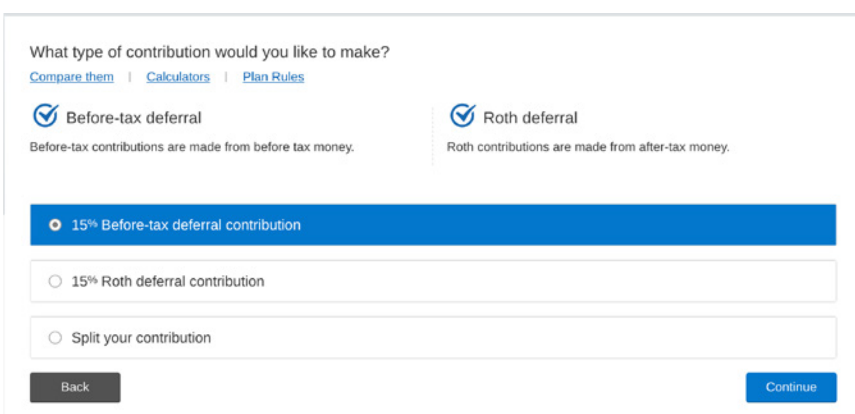
Now is a good time to have a conversation with a retirement plan advisor about your retirement future.





Some options may not apply depending on your plan's provisions

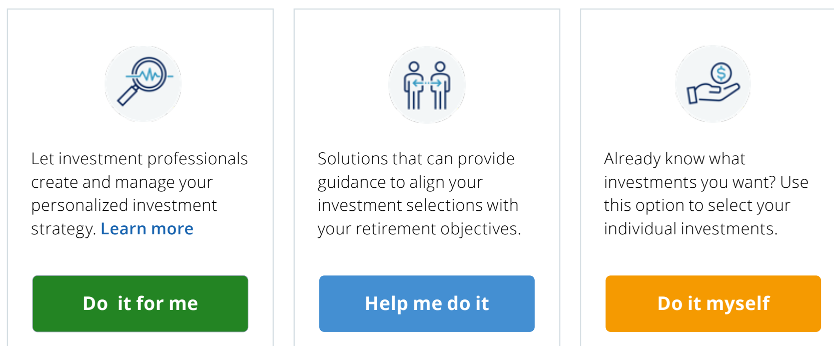
How much support do you want in selecting investments?

You can choose between selecting your own investments from among the core funds offered in the Plan through *Do it myself*, or you can choose to receive assistance.

By choosing *Help me do it*, you’ll receive one-time investment recommendations from Empower, including help choosing a target date fund* based on your retirement age.



** The date in the name of the target date fund is the assumed date of retirement. The asset allocation becomes more conservative as the fund nears the target retirement date; however, the principal value of the fund is never guaranteed.*

By selecting *Do it for me*, you can enroll in My Total Retirement™, which is available for a fee. Through My Total Retirement, investment professionals will help manage your savings and investment strategy on an ongoing basis.

Step 9

Click *Enroll*, then select *I Agree, Enroll Now.*
